

MenuPro is a web-based menu selling solution designed to present all finance related products to every customer, every time. As the most comprehensive and thorough payment quoting and presentation solution anywhere in the market, MenuPro enables thousands of dealerships in every state to create compliant and effective 'Customer Option Summaries' for their customers.

From the easy-to-navigate, single-page configuration screen to the powerful and accurate payment calculations, MenuPro makes it simple to create high-quality product presentations. With bi-directional DMS integration and real-time aftermarket product quotes, MenuPro provides the finance department with the quickest and most straightforward process to efficiently manage the time spent with each customer.

Built in OFAC Screening as well as Red Flag Compliance tools equip the finance department with a solution that will leverage point-of-sale convenience into one integrated process.

'Customer Option Summaries' maximize income opportunities while ensuring complete disclosure and compliance.

FEATURES & BENEFITS

Flexibility

Compare Retail, Lease, and Balloon transactions all on one printed menu. Easily calculate bi-weekly, one-pay lease, annual pay or any other non-standard financing option.

Integration

No duplicate entry is required! Full integration is available with major DMS providers. Additionally, integrated real-time aftermarket product quotes save time and ensure accuracy.

Configuration

Unlimited products, taxes, and fees can be configured for each dealership. Every calculation and disclosure requirement can be met for any regulatory, marketing, or business need.

Sales Tools

Compelling, visual, accurate and effective. Product specific sales tools can be customized and printed to model the benefits for specific customer purchasing scenarios.

Printing Options

With the flexibility to add custom colors, adjust font sizes and select from several payment display options, printed presentations will meet your business and compliance needs.

Support

Unlimited Support and training are available 24 hours a day 7 days a week. When you need us, we'll be there.
